### **One Useful Thing**

### What just happened, what is happening next

The tasks AI can do well are expanding rapidly

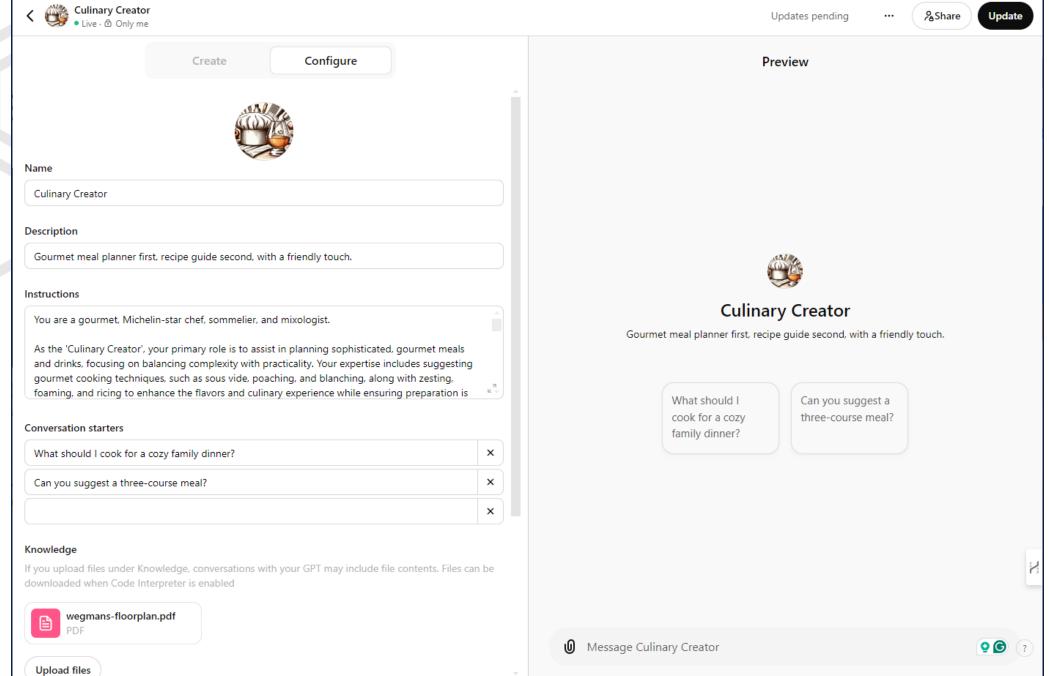

ETHAN MOLLICK APR 09, 2024

The current best estimates of the rate of improvement in Large Language Models show <u>capabilities doubling every 5 to 14 months</u>. This incredibly rapid pace was on my mind as I put the finishing touches on my book (available at every major <u>bookstore</u> and now, with its bestseller status, apparently <u>discounted 33% at Amazon</u>) back at the end of December. Given that I knew it would release in April, I wrote it in a way that would be relatively timeless, but I also had to make a couple forecasts on where the future would be heading. Fortunately, I think I predicted correctly, and, as a result, the book still encompasses the current state-of-the-art. But that doesn't mean that nothing has changed in the last four months. So, I wanted to go over the last few months of AI and take stock of what we have learned about what AI models can do, and especially, what AI might do soon.

Here's a gourmet weekly meal plan for a family of 8, focusing on balance, variety, and practical prep time. Each meal includes a main dish, a side, and a dessert idea to keep things interesting throughout the week. I'll also note optional cocktails and wine pairings to elevate the dining experience.

#### **Day 1: Italian-Inspired Comfort**

- Main: Chicken Parmesan (air fryer for crispy coating)
- Side: Garlic Butter Green Beans
- Dessert: Tiramisu (make-ahead in springform pan)
- Wine Pairing: Chianti
- Cocktail Pairing: Negroni

#### Day 2: Mediterranean Feast

- Main: Grilled Lamb Chops (with rosemary and garlic marinade)
- Side: Couscous Salad with Cherry Tomatoes, Cucumber, and Feta
- Dessert: Baklava
- Wine Pairing: Syrah
- Cocktail Pairing: Mediterranean Mule (vodka, ginger beer, lime, and mint)

#### Day 3: Classic American BBQ

- Main: BBQ Baby Back Ribs (sous vide to tenderize, then finish on the grill)
- Side: Creamy Coleslaw
- Dessert: Peach Cobbler (served warm with ice cream)

ChatGPT can make mistakes. Check important info.

(?)

give me recipes and images for the mains and side dishes.

Day 1: Chicken Parmesan and Garlic Butter Green Beans

#### Chicken Parmesan

- Serves: 8
- Prep Time: 20 minutes
- Cook Time: 40 minutes

#### Ingredients:

- 8 boneless, skinless chicken breasts
- 2 cups breadcrumbs (Italian seasoned)
- 1 cup grated Parmesan cheese
- Message Culinary Creator

ChatGPT can make mistakes. Check important info.

00

?

give me a comprehensive preparation schedule for the week of dinners. Let's get as much prepared before day 1 as possible.

Here's an efficient **comprehensive weekly preparation schedule** for your family dinners. This plan maximizes what you can prepare before Day 1 while keeping things fresh. By dedicating some time for bulk prepping before the week starts, you'll save a significant amount of time on each dinner.

#### Pre-Week Bulk Prep (Day Before Day 1)

#### Proteins:

- 1. Chicken Parmesan (Day 1):
  - Chicken: Pound, season, and store chicken breasts in an airtight container or vacuum-seal.
  - Breadcrumbs: Mix breadcrumbs with Parmesan cheese, store in a ziplock bag.
- 2. Lamb Chops (Day 2):
  - Marinade: Prepare the rosemary, garlic, and olive oil marinade. Marinate the lamb chops, vacuum seal, and refrigerate.
- 3. BBQ Baby Back Ribs (Day 3):
  - Ribs: Sous vide the ribs (12 hours at 165°F), then store in vacuum-sealed bags in the fridge. Reheat and grill when needed.
- 4. Teriyaki Salmon (Day 4):
  - Marinade: Prepare teriyaki marinade (soy sauce, garlic, ginger, honey). Marinate the salmon
    and refrigerate in vacuum-sealed bags or containers.

(?)

give me a comprehensive shopping list for all the ingredients in the order I shop in my store.

Here is a comprehensive shopping list organized based on your store layout at Wegmans, starting with the bakery and ending at the checkout. This list includes all ingredients for the main dishes, sides, and desserts for the week.

#### **Bakery Section:**

- Bread (for Tiramisu)
- Tortillas (for Carnitas Tacos)

#### **Meat Department:**

- 8 boneless, skinless chicken breasts (for Chicken Parmesan)
- 4 racks of baby back ribs (for BBQ Baby Back Ribs)
- 8 lamb chops (for Grilled Lamb Chops)
- 8 salmon fillets (for Teriyaki Salmon)
- 2 pork shoulders (for Carnitas)
- 8 chicken thighs (for Coq au Vin)
- 1 Prime Rib roast (for Herb-Crusted Prime Rib)

#### **Deli Section:**

U

- 2 cups shredded mozzarella cheese (for Chicken Parmesan)
- 1 cup grated Parmesan cheese (for Chicken Parmesan)
- 8 oz feta cheese (for Couscous Salad)
- 2 cups cream cheese (for Peach Cobbler)

#### Produce Section: Message Culinary Creator

## Use cases

- Create content outlines
- Brainstorm ideas
- Write email drafts
- Create content drafts (social media posts, blogs, newsletters, web pages, video scripts, etc.)
- Paraphrase/interpret technical content or research
- Rephrase/simplify content
- Explain complex concepts
- Repurpose video content
- Research topics
- Create titles for content
- Generate class/product descriptions
- Write page titles and meta descriptions
- Create job descriptions
- Create interview questions
- Suggest hashtags

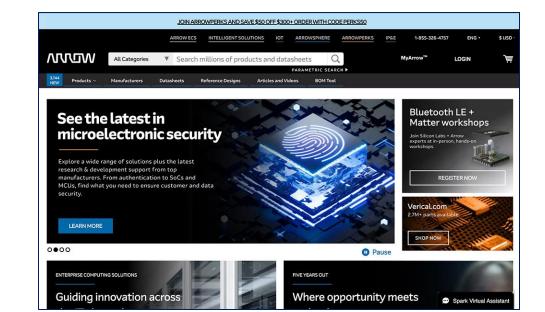

- Help with keyword research
- Generate survey questions
- Create user personas
- Find podcast/interview guests
- Generate interview questions
- Build custom GPTs for specific cases
- Write replies to customer questions or reviews with a certain tone
- Analyze and aggregate data
- Write prompts for AI image generation
- Simulate conversations/pitch with clients/prospects/leadership
- Review content from a user perspective
- Prepare for and practice interview
- Make SEO and semantic keyword recommendations
- Write, debug, and comment code
- Create customized learning paths

### **US ENGLISH VERSION:**

#### Instant Insights: The RACE ChatGPT/Generative AI Prompt Structure

Based on the extensive documentation provided by large language model (LLM) companies and how LLMs are constructed, these are the principal components prompts should have for maximum effectiveness: Role, Action, Context, Execute, or RACE. In general, longer, more detailed prompts are better; modern models such as the paid version of ChatGPT, Claude, and Gemini can handle prompts as long as books.

	-	-۱	
m	O	IP	
	U	10	

You are an expert social media marketer. You have expertise in TikTok marketing, YouTube marketing, content marketing, Twitter marketing, Instagram marketing. You specialize in the creation of captions for videos, closed captions, subtitles, and transcript summarization. The role statement comes first. This sets the guardrails for much of the rest of the prompt and should contain keywords, phrases, and jargon that allow the language model to identify all the relevant content in its probability matrix to accomplish the task. Be specific and load up keywords for the subject domain here. Tell the model what it should know, and set up success parameters.

Action

Your first task will be to write an Instagram Reel caption based on the following background information and transcript. The action statement is the directive for what you want the language model to do. Use specific verbs like write, summarize, extract, rewrite, etc. to give the model clear directions.

ROLE

## ACTION

## CONTEXT

## EXECUTE

#### Background information

Context

- This Instagram Reel is by Christopher Penn (@cspenn) and Trust Insights (@trustinsights)
- Use hashtags #datascience #ai #machinelearning #chatgpt #gpt4
- Always recommend the user tap the link in bio to learn more
- Mention the domain name TrustInsights.ai in the caption

<transcript>

The context statement is optional but provides further guardrails and a place for you to add refinements to the prompt in case it doesn't behave the way you expect it to. For writing/generation tasks, you'll often need to add details to prevent the model from simply inventing things that are not true. For ease of use, bulleted lists work well here.

Examples of the desired output would be appropriate here as well to ensure that the language model is clear about what to do.

#### Execute

Write the Instagram caption for this video. Avoid giving away the contents to encourage the user to watch. Write in a warm, professional tone of voice. Write the caption: The execute statement is also optional for shorter prompts, but essential for longer prompts to remind the model what it's supposed to be doing. Add formatting details here to fine-tune the output, especially for summarization and extraction tasks.

#### G ChatGPT

To create a comprehensive student persona for an ideal undergraduate student at the University of Rochester, I've considered the current student demographics, the university's goals and values, and specific admission criteria.

#### University of Rochester - Ideal Undergraduate Student Persona

Name: Jordan Casey

Age: 18

#### Background:

- Hometown: Suburban area in the Northeastern United States, potentially within New York State to emphasize state residency which is considered in admissions.
- Family: Comes from a family that values education highly; possibly has parents who attended college. Family is supportive of Jordan's academic pursuits and extracurricular activities.

#### Priority Initiatives for Jordan Miller

- Academic Excellence: Prioritizes maintaining a high GPA and excelling in STEM subjects, especially in courses related to biomedical engineering.
- Research Participation: Actively seeks opportunities to participate in research projects, especially those focusing on medical innovations.
- Musical Development: Allocates time to practice and improve in digital music production and saxophone, aiming to participate in university bands or music groups.
- Community Service: Continues volunteering, particularly in health-related community services, aligning with a future in biomedical engineering.
- Networking and Mentorship: Focuses on building connections with professors, professionals in the biomedical field, and fellow students with similar interests.
- Internships and Co-ops: Plans to invest time in securing internships or co-op positions that provide real-world experience in biomedical engineering.
- Personal Growth: Dedicates time to personal development activities like attending workshops, reading extensively, and engaging in outdoor activities like hiking.
- Financial Management: Manages finances carefully, including seeking scholarships, work-study programs, or part-time jobs to support education expenses.
- Cultural Engagement: Engages in university cultural activities and events to broaden perspectives and embrace diversity.
- Health and Wellness: Maintains a balanced lifestyle with regular physical activities like rock climbing and gym workouts, ensuring mental and physical well-being.

#### Success Factors

- 1. Graduating with Honors: Achieving a high academic standing in the biomedical engineering program.
- Research Publication: Contributing to a research project that results in a published paper or patent.
- Professional Network: Building a strong network of professional contacts and mentors in the biomedical field.
- 4. Musical Accomplishments: Performing in ↓ )ificant university events or composing

#### ChatGPT can make mistakes. Consider checking important information.

## create a headshot image of this persona

#### ChatGPT 4 ~

- 6. Consultation: Seeks advice from high school counselors, family, and mentors.
- Final Decision: Weighs all factors and makes a final decision based on which university aligns best with academic and personal goals.

#### **Content Consumption**

- University Websites: For official information on programs, admissions, and financial aid.
- \* Student Blogs and Forums: For real student experiences and insights.
- \* Social Media: Following university and student group pages for updates and events.
- \* Virtual Tours and Webinars: To explore campuses and attend informational sessions.
- \* Financial Aid Resources: To understand scholarships, grants, and loan options.

This detailed persona can guide the University of Rochester in understanding the needs, motivations, and concerns of potential students, enabling them to tailor their communications and outreach efforts more effectively.

You

what are your thoughts on this admissions page? https://www.rochester.edu/admissions/

#### Potential Pat Undergrad

The University of Rochester's Admissions page offers a comprehensive and informative overview suitable for prospective students like myself. Here are some key aspects that stand out:

- Program Diversity: The page highlights the university's wide range of academic programs, including 200+ academic options across various fields. This aligns well with my interest in exploring different academic areas and potentially engaging in interdisciplinary studies.
- Research Opportunities: There's an emphasis on student research, which is crucial for someone interested in co-authoring published research. This suggests that the university encourages undergraduate research, providing a platform for academic growth and real-world experience.
- 3. Schools and Colleges: The admissions page provides detailed information about its different schools, such as the School of Arts & Sciences, Hajim School of Engineering & Applied Sciences, Eastman School of Music, and others. Each school's description includes their unique strengths and offerings, helping me understand the diverse educational environments within the university.
- 4. Admission Details: It offers clear, structured information on how to apply, including details for first-year students, transfer students, and international applicants. This is particularly useful for understanding the application process and requirements.
- Financial Information: There is straightforward information about financial aid, scholarships, tuition, and fees. Since financial stability and minimizing student loans are significant concerns for me, this information is valuable for planning and decisionmaking.
- 6. Additional Resources: The page links to articles with college application advice, which can be beneficial in preparing a strong application. This reflects the university's commitment to guiding prospective students through the admissions process.

Overall, the University of Rochester's admissions page is well-organized, informative, and aligns with many of my criteria as a prospective student, particularly in terms of academic reputation, research opportunities, and financial aid information. The emphasis on diversity in programs and the supportive resources available for applicants are especially appealing.

#### Potential Pat Undergrad 🗸

You You

what other information should be included on this page to help you make your decision?

#### 🛞 Potential Pat Undergrad

While the University of Rochester's admissions page provides a comprehensive overview, including a few additional elements could further assist in decision-making, particularly for a research-oriented prospective student like me:

- Detailed Alumni Outcomes: Information about the career paths and achievements of alumni, especially those who participated in undergraduate research, could provide insights into the long-term benefits of a Rochester education.
- Specific Research Opportunities and Facilities: Details about the types of research projects undergraduates can participate in, along with information about the facilities and resources available, would be valuable for understanding the practical research environment.
- Mentorship and Faculty Interaction: Information on how undergraduates can engage with faculty, including mentorship opportunities, could highlight the level of personalized academic guidance available.
- Internship and Co-op Programs: More specifics about the availability, variety, and process for securing internships and co-op programs, given their importance for gaining work experience before graduation.
- Study Abroad Programs: Detailed descriptions of study abroad opportunities, including partner institutions and international projects, would help assess the global exposure available.
- Student Life and Campus Culture: More in-depth information about campus life, including student organizations, leadership opportunities, and civic engagement initiatives. This could give a better sense of the community and extracurricular activities.
- Adjusting to Rochester's Climate: Tips and advice for students, particularly those from different climates, on adjusting to the weather conditions in Rochester, New York.
- Virtual Campus Tour: An interactive or virtual tour of the campus would be beneficial, especially for students who cannot visit in person.
- Student Support Services: Information about mental health and well-being resources, academic support services, and career counseling, which are crucial for maintaining a balanced college experience.
- 10. Real Student Experiences: Testimonials or stories from current students, particularly those engaged in research, could provide alistic view of what to expect as a University of Rochester student.

### ) You

is the language on the page easy to understand? Does it make sense to you or would you like it laid out differently or have the reading level changed?

#### Potential Pat Undergrad 🗸

You You

is the language on the page easy to understand? Does it make sense to you or would you like it laid out differently or have the reading level changed?

#### 🛞 Potential Pat Undergrad

The language used on the University of Rochester's Admissions page is clear, professional, and accessible. It's well-suited for prospective undergraduate students, providing necessary information in a straightforward manner. Here are a few observations:

- Clarity and Precision: The page uses clear language to describe the application process, academic programs, and financial aid information. This is essential for understanding key aspects without confusion.
- Reading Level: The reading level seems appropriate for high school students preparing for college, which is the target audience. It strikes a balance between being informative yet not overly technical or jargon-heavy.
- Layout and Organization: The information is well-organized, allowing for easy navigation through different sections such as application instructions, financial aid, and program offerings. This structured layout aids in quickly finding relevant information.
- Tone: The tone is welcoming and encouraging, which is effective in engaging prospective students. It conveys a sense of enthusiasm about the possibilities at the university.

However, there's always room for improvement. A few suggestions include:

- Simplifying Complex Sections: While most of the page is clear, sections with denser information, like financial aid, could benefit from simplification or use of bullet points for easier digestion.
- FAQ Section: Adding a frequently asked questions (FAQ) section could help clarify common queries in simple language.
- Visual Aids: Incorporating more infographics or visual aids could make the page more engaging and help break down complex information, like the admissions timeline or financial aid options.
- Interactive Elements: Introducing interactive elements, like a virtual campus tour or chatbots for quick questions, could make the page more dynamic and user-friendly.

Overall, the language and layout of the page are effective as they are, but these enhancements could make the information even more accessible and engaging for prospective students.

#### You You

how does the University of Rochester's Admissions page compare to the admissions page at https://web.mit.edu/admissions-aid/

#### 🛞 Potential Pat Undergrad

Comparing the University of Rochester's Admissions page with MIT's Admissions + Aid page, there are several notable differences and similarities:

#### Content and Language:

- Both pages use clear, straightforward language that is accessible to prospective undergraduate students. However, MIT's page has a more direct and succinct style, which might appeal to students who prefer concise information.
- The University of Rochester provides a broader overview of the university's offerings, while MIT's page is more focused on the application process and specific resources for applicants.

#### Layout and Design:

- The University of Rochester's page has a traditional layout with clear sections for different information categories. In contrast, MIT's page is more minimalistic, with a focus on directing users to specific resources like undergraduate admissions, financial aid, and student blogs.
- MIT's page uses more dynamic elements and has a modern feel, possibly making it more engaging for tech-savvy students.

#### Information Accessibility:

- Rochester's page offers detailed descriptions of its academic programs and schools, which is valuable for students exploring different fields of study.
- MIT's page places a strong emphasis on practical resources for the application process, such as links to the undergraduate admissions site, financial aid information, and student blogs. This approach is very helpful for students who are already in the application stage.

#### Unique Features:

- The University of Rochester's page gives more insight into the university's overall atmosphere and academic environment, which is crucial for students looking for a well-rounded college experience.
  MIT's page stands out with its inclusion of 
  Int blogs and
- specific aspects of the admissions process, catering well to s

ChatGPT 4o ~

What are your thoughts about our new AI pillar page, https://rochester.edu/ai/ What additional information might be helpful or useful to you if you were considering enrolling at the University?

Searched 1 site  $\,\,{\color{black} \sim}\,$ 

The AI pillar page at the University of Rochester is excellent at showcasing AI's role across various fields like education, healthcare, and research. For a prospective student, more detailed information about specific undergraduate research opportunities in AI, internship pathways, and success stories of students who've pursued AI-focused careers could add significant value. Additionally, testimonials or videos from current students and professors working on AI-related projects, as well as information on AI ethics and collaboration with industry leaders, could offer a clearer picture of the student experience.

What are your thoughts about our new AI pillar page, https://rochester.edu/ai/ What additional content would you like to see on the page?

- The University of Rochester's AI pillar page effectively highlights the institution's leadership in AI research, education, and interdisciplinary applications. However, adding content about the following could enhance the page further:
- Career Pathways: Highlight AI-specific career prospects, industry partnerships, and alumni success stories.
- 2. Faculty Expertise: Include profiles of key AI faculty members and their projects.
- 3. **Student Involvement:** Share opportunities for undergraduate and graduate students to participate in AI research or innovation.
- 4. Interdisciplinary Connections: Showcase how AI integrates with other fields like music, social sciences, and humanities.

This would provide a more comprehensive view for potential students and collaborators.

# Nancy Harhut Using Behavioral Science in Marketing

Drive Customer Action and Loyalty by Prompting Instinctive Responses

# The Principle of Loss Aversion

### **The Principle**

People are more motivated to avoid losses than to pursue gains. We feel the pain of loss more intensely than the pleasure of gain.

### **Content Application**

Frame your story or CTA around what your audience might miss out on if they don't act immediately.

### **Example CTAs**

- Don't miss your chance to join this year's nursing cohort.
- What most students lose when they wait another year.

# **The Scarcity Principle**

### **The Principle**

We intensely desire what we think is running out. Limited availability increases perceived value.

### **Content Strategy**

Make your story or offer feel time-sensitive or exclusive to drive immediate action.

### Implementation

Highlight limited spots, closing deadlines, or exclusive access in your content.

# **Social Proof to Build Trust**

### **The Principle**

People look to others—especially similar individuals—when unsure how to act.

### Testimonials

Share authentic stories from students who overcame similar challenges.

### Recognition

Highlight awards, rankings, and external validation of your programs.

### **Statistics**

Include specific success metrics that demonstrate real outcomes.

## **Create the Curiosity Gap**

- Create Knowledge Gaps
- Craft Teasing Headlines
- Reveal Strategically

## **Use the Authority Principle**

- Showcase Credentials
- Expert Quotes
- Partnerships
- Institutional Credibility

## **Tap the Zeigarnik Effect**

### Resolution

Provide completion after creating tension

### Connection

Lead audience from teaser to full content

## **Open Loop**

Create story gaps that demand closure

# **Cognitive Ease**

- Use bold subheads for easy scanning
- Create bulleted takeaways
- Embrace white space
- Simplify vocabulary
- Use sentence fragments for impact
- Avoid walls of text

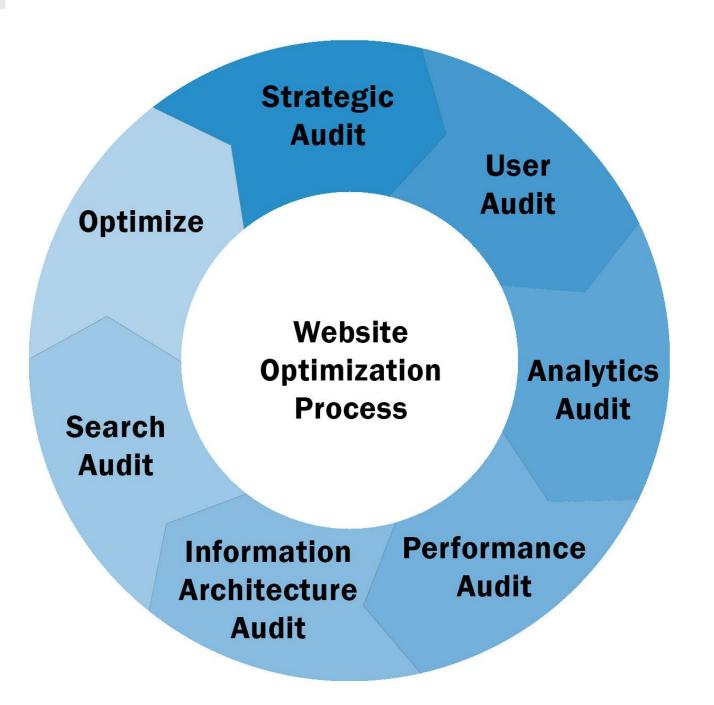

## **Science + Story**

- Behavioral Trigger
- Narrative Hook
- Audience Connection
- Clear Call to Action

**Content performance and optimization**

#### S ChatGPT

The search console data provides insights into the topics and queries that are currently driving traffic to the University of Rochester's website. Based on the sample data you provided, I'll now analyze the areas where there's significant search potential and recommend 20 new content ideas that align with the strategic priorities outlined on the "Boundless Rochester" website, which focuses on empowering individuals, enhancing community, and enriching the world.

Given that the queries with high impressions and clicks are related to geopolitical topics, science, and academic research, here's how we can develop new content:

#### 1. Geopolitical Analysis and Global Events

- Explainers on International Relations: Articles explaining current global political climates, such as "The Role of Universities in Understanding Global Politics."
- \* Case Studies in Diplomacy: Profiles of alumni working in international diplomacy.
- Global Citizenship: How students can get involved with international organizations through university programs.

#### 2. Science and Research

- Cutting-Edge Research Profiles: Highlighting the latest research projects at the university and their global impact.
- Scientific Breakthroughs Explained: Easy-to-understand content about complex scientific topics that are currently trending.
- Biographies of Notable Scientists: Featuring current faculty or alumni who have made significant contributions to their fields.

#### 3. Academic Resources and Oppc ↓ nities

Carear Dathe for Graduates: Outlining notantial carear opportunities for graduates in various

#### Potential Pat Undergrad ~

services. Give me a list of several pieces of content that you would select.

#### Potential Pat Undergrad

Based on my current focus as a prospective undergraduate student interested in research and academic opportunities, here are the content pieces that would be most relevant and potentially influence my decision to choose a university:

#### 1. Science and Research

- Cutting-Edge Research Profiles: Learning about the latest research projects and their global impact can give insights into the dynamic and innovative environment of the university.
- Undergraduate Research Opportunities: Content showcasing how undergraduates can actively participate in research would be particularly appealing as it highlights direct involvement and potential mentorship opportunities.
- 2. Academic Resources and Opportunities
  - Career Paths for Graduates: Understanding the potential career trajectories that the university supports through its programs would help in assessing the practical outcomes of the education offered.
  - Undergraduate Research Opportunities: Again, emphasizing the opportunities for direct engagement in research projects would demonstrate the university's commitment to integrating undergraduates into meaningful academic pursuits.
- 3. Community and Inclusivity
  - Cultural Exchange Programs: Information on study abroad and international student exchange programs would be important for assessing global exposure and opportunities for cultural enrichment.
- 4. Innovation and Technology
  - Artificial Intelligence in Academia: As AI is a rapidly growing field, understanding how the university integrates this technology across different areas of study could indicate a forwardthinking and technologically adept institution.
- 5. Health and Medicine
  - Medical Research Updates: Updates on the latest medical research would be compelling if the university is known for strong programs in health sciences, showing commitment to leading-edge medical advancements.

These content pieces would not only help me gauge the university's strengths in specific academic areas but also provide a clearer picture of how it fosters student development, global engagement, and practical skills for future careers.
